## Get Started

The Process starts with a free, no obligation interview.

We meet with you to understand your needs and desires. We match this information with the experiences and skills of our caregiver network.

## We Take Away the Worry

Our goal is to deliver the highest quality service and provide a caregiver in whom you have the utmost trust. Our screening and qualification process is conducted with your safety in mind.

**ALL CAREGIVERS UNDERGO A THOROUGH CRIMINAL BACKGROUND CHECK, CARRY LIABILITY INSURANCE AND ARE BONDED**

We verify Social Security status, interview each candidate and check personal and business references. We bring

**PEACE OF MIND AND SAFETY and help preserve DIGNITY**

## The Caregivers

The Caregivers in our network are dedicated caring professionals who are experienced working with adults of all ages.

All caregivers speak English, are legal to work in the United States and bring compassion to this calling.

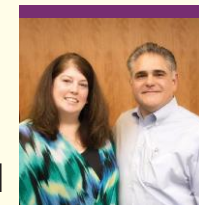

While all caregivers bring the skills to help with all activities of daily living, our network includes specialized skills such as working with adults with dementia, Alzheimer's, and end of life care.

**You always decide how much service you need.**

**From just one hour to live in**

We are a locally owned and operated non-medical home care referral agency. Founded

in 2002 by Dominic Scotto, with the continued support and energy of co-owner Lisa Harrison, we have nurtured one of the largest networks of qualified professional caregivers in Northern California.

## Always Available

**Since emergencies are almost always unexpected, our staff is on call for you 7 days a week 365 days a year.**
